

Some of Our Friends Are in Different Classrooms

Some of our friends are in a different classroom now,

I know this may make you feel sad.

It is ok to feel sad about this.

The scientists have said, so we can all stay safe, we have to have less people in our classroom.

So that we can stay safe, class has been split into 2 classes.

When the scientists say it is safe for all of class to be in the same classroom again,

WE WILL BE!
